**Sinatra! The Song Is You** Will Friedwald,Tony Bennett,2018-05-01 Frank Sinatra was the greatest entertainer of his age, invigorating American popular song with innovative phrasing and a mastery of drama and emotion. Drawing upon interviews with hundreds of his collaborators as well as with The Voice himself, this book chronicles, critiques, and celebrates his five-decade career. Will Friedwald examines and evaluates all the classic and less familiar songs with the same astute, witty perceptions that earned him acclaim for his other books about jazz and pop singing. Now completely revised and updated, and including an authoritative discography and rare photos of recording sessions and performances, *Sinatra! The Song Is You* is an invaluable resource for enthusiasts and an unparalleled guide through Sinatra's vast musical legacy.

**Arranged by Nelson Riddle** Nelson Riddle, The definitive study of arranging by America's premiere composer, arranger and conductor. A must for every musician interested in a greater understanding of arranging. Includes chapters on instrumentation, orchestration and Nelson Riddle's work with Sinatra, Cole and Garland.

**Sessions with Sinatra** Charles L. Granata,2003-10-01 Featuring 100 photographs of Frank Sinatra working with orchestras and arrangers, listening to playbacks, and, of course, singing, this book tells the whole story of how he created the Sinatra sound and translated the most intense personal emotions into richly worked-out songs of unrivalled expressiveness. One of the thrills of listening to Sinatra is wondering how he did it—and this book explains it all, bringing the dedicated fan and the casual music lover alike into the recording studio to witness the fascinating working methods he introduced and mastered in his quest for recorded perfection. Revealed is how, in addition to introducing and perfecting a unique vocal style, Sinatra was also his own in-studio producer—personally supervising every aspect of his recordings, from choosing the songs and arrangers to making minute adjustments in microphone placement.
